

PhucDat Tran, FullStack Developer

Dong Nai, 81000, Vietnam, 0983008096, bentranph@gmail.com

Date of birth15/12/2003NationalityVietnamese

Summary

Enthusiastic and eager Full-Stack Developer with hands-on experience in building user-friendly, scalable web applications using React, Node.js, and TypeScript. Collaborated on diverse projects, including e-commerce platforms, multi-tenant SaaS dashboards, and advanced middleware implementations. Can work both front-end and back-end integration, delivering clean and maintainable code, and always willing to learn new technologies to enhance team productivity and software performance. Proficient in Git, project management tools, and debugging complex issues. Also, can use AI to integrate into daily tasks.
